It is stated therein that the Chief Minister of Mysore has been addressed in the matter. This may therefore be referred to the personal Secretary to the Chief Minister for information. The telegram reads as follows —

20) Probably it is meant that the President has been graciously pleased to the circle being named after him. The words "extreme regrets" are perhaps in reference to the city area ie Kesara extension being named Rajendrapura This would appear the obvious reading of the telegram as otherwise the words "extreme regrets" are not explainable.

CONFIDENTIAL

Dear Sir,

Subject Naming Kesare etc , and the Circle on B N Road after Babu Rajendra Prasad, President of India - Mysore City Municipality

With reference to your D O letter No L 3693 dated the 2nd July 1955 on the subject mentioned above, I write to state that I inspected the Circle in question as well as the Extension proposed to be named after the President of India

The Circle is an important one and has been constructed nicely, the entire area being cement-concreted with a fountain in the middle, and may be named after the President of India

So far as the Extention is concerned, it is not completely built up and there are a large number of vacant sites The roads and drains in this area need lot of improvement Further, this Extension is likely to develop in future A large colony of houses built by the Industrial Labour Housing Corporation have come up and this will be ~~nominally~~ mainly an area where Middle and lower middle class people live Shri C Perumal Chetty's Occupational Institute is also situated in this area As the President of India is known for the help he has rendered to and the sympathy he has for the poorer class, it may perhaps be appropriate to name the Extension after him It could be expected that the roads and drains will receive attention of the Municipality, as the extension is proposed to be named after the President of India and that they will be similar in standard to the roads and drains in other well developed extensions in the City

27 HY

I may, however, bring to the kind notice of Government that it is ascertained that the President of India has already agreed for the Extension and the Circle in question being named after him

Yours Sincerely,
